

# **ENERGY MANAGEMENT AND POLICY**

## **(FA) {ENMG}**

### **SM 503. (CPLN535) Topics in Energy Policy. (B)**

This research seminar focuses on changing energy policy topics that provide students with a deep examination of an aspect of energy technology, markets, or regulation and an opportunity for research on an emerging issue related to the topic. The seminar meets weekly to discuss the relevant literature and workshop student research projects.
